

were aroused off Sandy Hook by an explosion in the steerage. Fire followed the explosion, but was quickly extinguished. Investigation showed that a Syrian robbing the baggage of a fellow immigrant, had opened a box of cartridges and in so doing set them off. He was badly burned. The Vanban came from South American ports and carried among other passengers, Colonel G. D. Ropr. and several members of the Illinois Manufacturers Association returning from a trip to South American cities.

Doubtless there are some who began when the young who failed to satisfy themselves as to the correctness of their answers on only one or two pictures, and so quit trying. All the time and attention they gave to the contest in the start was lost. They found one or two pictures that seemed difficult and they gave up their chance at those \$4000 in prizes.

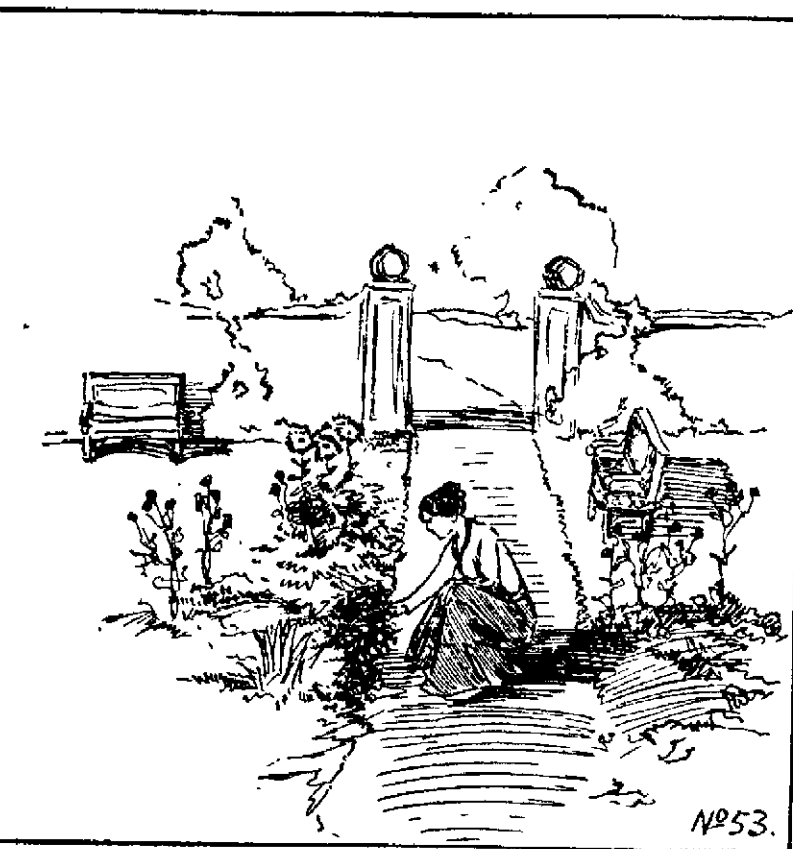

HERE'S AN OPPORTUNITY for just those people. Do not allow petty discouragements like that to throttle your ambition. If you have your coupons up to the point where you left off filling them in, keep them, send to the Advocate office for the few back coupons, which may be obtained at 2 cents apiece, and TAKE UP THE CONTEST WHERE YOU LEFT OFF.

It is true that many people are figuring out the pictures every day. They are fitting titles to the drawings. BUT, how many are going to be prize winners? Exactly 136—there are just that many prizes. Now, why can't YOU be one of the 136? If you're still working out the titles daily as they appear, there's a chance—and a good chance—you'll be one of the 136. There's a chance YOU'LL WIN FIRST PRIZE. If you were trying, you would be discouraged and quit, get the back coupons, and a catalogue and remember the fateful words of Commodore Perry in the Battle of Lake Erie:

"Don't sit in the ship."

WHAT BOOK IS MEANT BY THIS PICTURE?

COUPON NO. 53

Newark Advocate Booklovers' Contest

Title
Author
My Name
My Address
(53) APRIL 11, 1914. (53)

Clip out your coupons neatly, and fill them out clearly and plainly, remembering that in the event of a tie for any prize between two or more contestants, neatness and clear writing will win the judges' favor. The picture is to be a part of the coupon. Do not detach the coupon from the picture.

Send no answers whatever to the Advocate until the contest is ended by the publication of Picture No. 70. Any answers received before that time will be destroyed and will not be counted. Read the rules carefully.

Rules of the Booklovers' Contest.

Any person may compete in this contest who lives either in Licking, Delaware, Knox, Coshocton, Muskingum, Perry, Fairfield or Franklin counties, Ohio, except employees of the Advocate or members of their families.

Answers to the picture must be written upon the coupon blank which will be printed every day with each picture during the seventy publication days the contest will last. Both picture and blank must be clipped from the paper, and the blank properly filled in with the name of book and the author's name together with the name and address of the contestant written clearly and plainly in the space provided. Not more than one person's name may be written on any coupon.

Each picture will represent the title of only one book, but there may be some pictures that suggest the title of several books. For the benefit of contestants, and to allow for this variety of solution, any contestant may give as many as five answers to any picture, at will; but not more than one solution may be written on any coupon. If the contestant gives two answers as likely to include the correct one, two coupons must be used; if three answers, three coupons, and so on.

In each instance, whether the contestant gives one answer or five answers to any picture, both the picture and coupon must be used for each of the answers; and not more than five answers to any picture will be permitted. If any one of the five answers that may be given to any picture is correct, the contestant will be credited for the correct solution and will not have the incorrect ones counted against his or her chances. Prizes will be awarded to every contestant, by the Contest Judges, who sends in the largest number of correct answers upon the smallest number of coupons. Thus, if a contestant gives the correct answers to 70 of the pictures and uses only 70 coupons, that contestant will rate higher in the prize awards than one who uses 140 coupons or any higher number up to 350 for supplying the 70 correct answers.

If two or more persons, supplying the same number of correct answers, have used the same number of coupons for their answers, the highest rating will be given to the one whose answers are most neatly prepared, in the opinion of the judges. No contestant will be allowed to submit more than one set of answers, which must include not less than 70 or more than 350 coupons, with accompanying pictures. Positively no solution may be sent in to the Contest Editor until every one of the seventy pictures has been printed. Answers in complete sets, as just specified above, will then be received in this office, and should be addressed to "Contest Editor," Booklovers' Contest, Advocate, Newark, Ohio. The awards will be made strictly according to the correctness of each set of answers, and the correctness shall be

NEWARK WOMAN APPLIES FOR A STATE POSITION

It is possible that Newark will have the first woman member of the Ohio State Commission of three, who examine applicants for licenses as embalmers or human cadavers. There will be a vacancy upon this board to be filled by appointment of Governor James M. Cox next June.

The Newark woman is Mrs. Margaret Cullum Browne, of 63 West Locust street, who has made her formal application and had a personal interview with Governor Cox, Friday. The chief executive was somewhat surprised to meet Mrs. Browne, and learn the object of her visit, but courteously informed her that he saw no reason why a woman should not be appointed upon this commission, as at each meeting there were from one to five women seeking embalmers' licenses.

"Probably the only reason there has been none," said the governor, "is that there have been no applications. You are the first woman to ever apply and I will certainly give your application the consideration it deserves in deciding upon the appointment. The law creating the commission in no way precludes a woman, and it is somewhat remarkable that none has ever seen fit to seek the position."

The position carries with it a salary of \$1200 per year, and meetings are held four times a year in Columbus, Cleveland and Cincinnati.

Mrs. Browne took with her the very best of references and is in every way thoroughly qualified to serve on the Board. She is herself a licensed embalmer, having graduated from the Columbus Training School for Embalmers, which is connected with the Starling Ohio medical college. She has since supplemented this training by two years' experience as woman assistant for the Criss Brothers undertaking establishment, with which she is now connected.

Her talk with the governor was one which was encouraging at least and Mrs. Browne believes her chances of appointment are as good as that of any other applicant of either sex.

The only time some fellows are willing to help themselves is when a bottle and a glass are put before them.

RAIN AND SNOW PREDICTED FOR EASTER WEATHER

(ASSOCIATED PRESS TELEGRAM)

Washington, April 11.—It probably will be rainy Easter Sunday all over the east. Unless some freak of nature upsets the best predictions of the weather bureau experts array, there will be rains and snows in the northern portion of the east and rains over the southern districts. It is a stock prediction, among lay weather prophets, that if it rains on Easter Sunday it will rain for six consecutive Sundays thereafter.

The weather sharp says, however, there is nothing certain about that.

The winter flareback of the last few days was being dissipated all over the country today. A parting shot of freezing temperatures was being felt over the northwestern areas.

The weather which threatens to retire Easter Sunday to the bandboxes and spoil the promenades on the fashionable avenues of many cities, is a joint effort from Texas and Canada.

IF PAST FIFTY USE CASCARETS

What glasses are to weak eyes, Cascarets are to weak bowels—Keep Liver and Bowels Active.

Get a 10-cent box now. Most old people must give to the bowels some regular help, else they suffer from constipation. The conditions are perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles.

So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets, and they cost only 10 cents per box at any drug store. They work while you sleep.

The Lodges

Knights and Ladies of Security. All members take notice—we have moved to our new location on the corner of Third and Canal streets where we will meet on Monday evening for the transaction of very important business, in which every member should be interested. We will also have a class for initiation. Please be present and assist in the work.

U. R. K. of P. Licking Co. No. 12 met in regular session on Wednesday evening with all officers present and transacted much important business that will no doubt be of great benefit to the company.

Every Sir Knight is looking forward to the military ball which will be held on Tuesday evening, April 14. All Sir Knights are requested to wear complete uniform with the exceptions of swords. The necessary committees have been appointed to take charge of the evening's program and a good enjoyable time is assured every one attending.

The uniforms were delivered and each one was satisfied with every detail connected with the fit, delivery, etc. Every Knight of Pythias in the city is urged to attend the ball and judge for themselves as to the appearance of the company in uniform.

On May 13 the installation will be put on by the Joe Dowdle Co. of Columbus. A great many Sir Knights from Mt. Vernon will be in attendance. A large attendance is expected and as this will be the first public appearance of Licking Co. No. 12 we desire to make a creditable showing with only a few weeks' drill practice.

Each Sir Knight is urged to attend every meeting of the company as Captain Wolinsky is more than likely to name a date for the big time that he has promised.

Roland Lodge, K. of P. Notwithstanding the continual downpour of rain last Tuesday evening about fifty of the members of Roland Lodge, No. 395, were on hand. A noticeable feature which was commented upon favorably was the large number of new members present, those who had been given the degrees the past winter. It is hoped that they will continue in this good work. Two new applications were received, and the Esquire rank was conferred upon three Pages. There will be no degree work next Tuesday evening on account of the military ball given by the Uniform Rank in Assembly hall. Many are going to the lodge meeting first and then to the dance. For those who do not care for the dips and glides we can assure you that you will be entertained at the castle hall, as the chairman of the entertainment committee has something up his sleeve and may be persuaded to let us know what it is. It is hoped that large number of the boys be on hand Tuesday night.

"How drawn your face is," exclaimed the friend of the artist's model. "I guess your face would be drawn too, if you had to pose for a magazine illustrator," retorted the model.

TO DARKEN HAIR APPLY SAGE TEA

A few applications of Sage Tea and Sulphur brings back its vigor, color, gloss and thickness.

Common garden sage brewed into a heavy tea with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant, remove every bit of dandruff, stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is fading, gray or dry, scraggly and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-made tonic, costing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of fuss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, you can tell, because it does so naturally, so easily. You just dampen a sponge or soft brush with it and draw through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application of two, your hair becomes beautifully dark, glossy, soft and luxuriant. SUTTON FARM PURCHASED BY F. H. VOGELMEIER

A deal was closed Friday afternoon by which the Sutton farm of 264 acres, situated three miles south of Newark, becomes the property of Fred H. Vogelmeier for a consideration of \$19,200. The sale was effected after four insertions of a "For Sale" advertisement in the Advocate classified department.

The property was involved in the suit of Philip S. Smith as executor of the Gideon Sutton estate, against Julius E. Sutton, et al. Attorney Charles N. Moore represented the executor.

Appropriation Bill For Improvement of American Embassies

(ASSOCIATED PRESS TELEGRAM) Washington, April 11.—Diplomatic and consular appropriation bill was reported to the House today from the committee on foreign affairs. Besides the authorized purchase of embassy buildings in Mexico City, Berne and Tokio, the measure increases the state department contingent fund by \$33,000 so as to increase the rental allowance for the embassies at London, Paris, Berlin and St. Petersburg to \$25,000; and at Rome, Madrid and Vienna to \$10,000. The bill carries \$50,000 for the international congress on alcoholism at Washington next year and authorizes the president to invite foreign countries to send delegates.

HOW TO CONQUER RHEUMATISM AT YOUR OWN HOME

If you or any of your friends suffer from rheumatism, kidney disorders or excess of uric acid, causing lameness, backache, muscular pains, stiff, painful, swollen joints, pain in the limbs and feet, dimness of sight, itching skin or frequent neuralgic pains, I invite you to send for a generous Free Trial Treatment of my wellknown, reliable "Chronicure," with references and full particulars by mail. (This is no C. O. D. scheme.) No matter how many may have failed in your case, let me prove to you, free of cost, that rheumatism can be conquered. Chronicure succeeds where all else fails. Chronicure cleanses the blood and removes the cause. Also for a weakened, run-down condition of the system, you will find Chronicure a satisfactory general tonic that makes you feel that life is worth living. Please tell your friends of this liberal offer, and send today for large free package, to MRS. M. SUMMERS, 131 E. Washington Avenue, South Bend Ind.

GALION STUDENTS HERE TO INSPECT THE PLAYGROUNDS

Messrs. Warwick and Ritz of the High School Senior class, Galion, O., came to Newark Friday to study the movement that resulted in the playgrounds. Incidentally they visited the High School to learn the conditions here that they may put their observations into written form for their Annual. Galion has twice voted down a bond issue for a new High School. The young men said that if the people of Galion could see the high school at Newark the bond issue would not lose again.

While in Newark they were entertained by Professor Klopp, who was acquainted with them before he came to Newark. The young men took home with them valuable information that will help Galion to acquire a playground and athletic field.

FARMERS NATIONAL CONGRESS WILL MEET AT CHICAGO

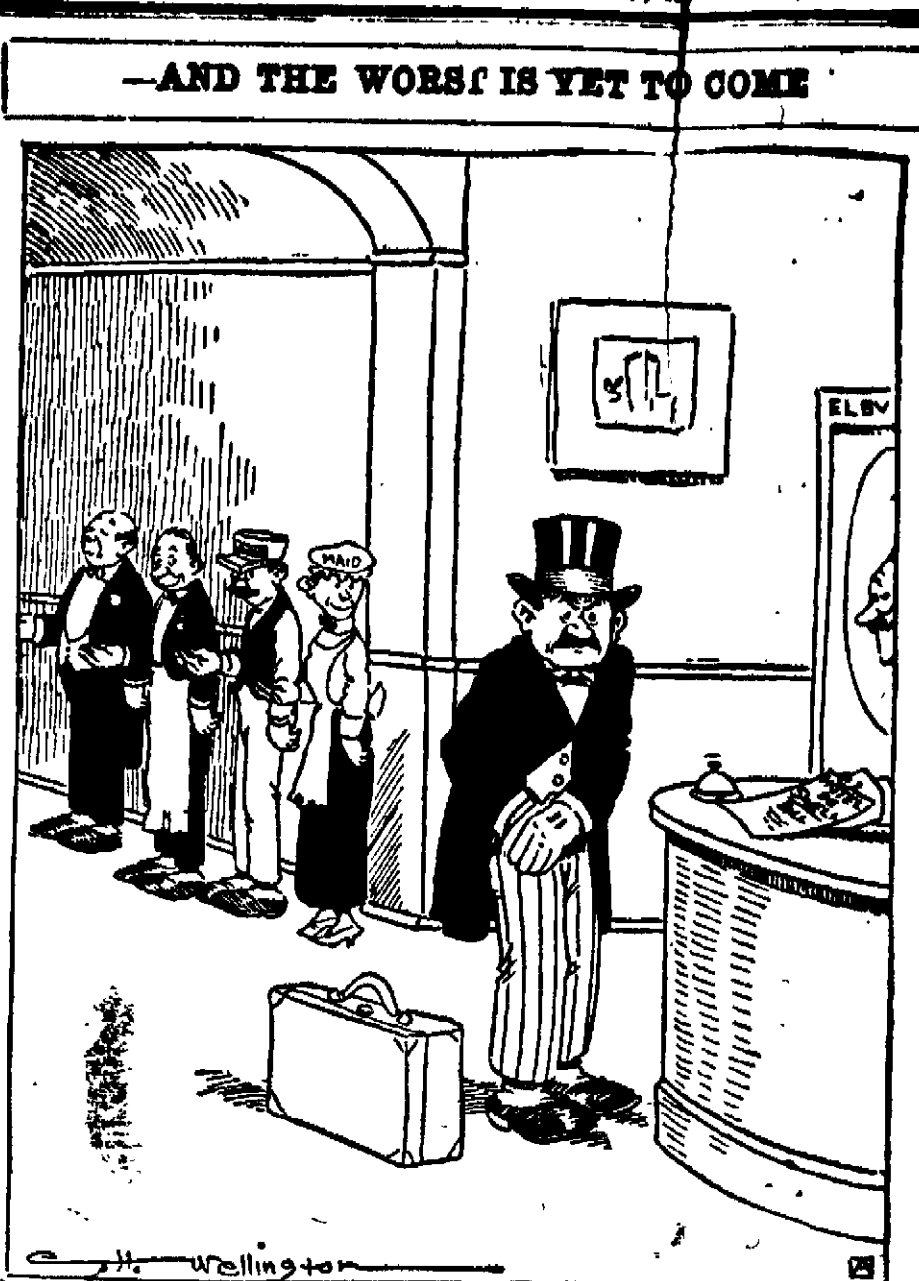

(ASSOCIATED PRESS TELEGRAM) Chicago, April 11.—Cooperation by farmers was the keynote of the meeting to be held here four days next week by the second national conference on marketing and farm credits and the western economic society. Organization by farmers to sell their products to the best advantage and co-operation on the part of the farmers and dairymen were the subject that will be dealt with in addresses by speakers of national prominence.

The opinions of the American farmer on the projects of congress to furnish him with rural credit schemes are expected to form an important part in the discussion. The rural credit idea, urged by its advocates as the best means of solidifying the borrowing power of the farmers, reducing interest and enabling them readily to buy land and move their crops will probably have to meet the criticism of its enemies that such a plan would deliver the farmer to organized money power. The proposed Fletcher bill will be the center for this debate, it is said.

A GOOD NIGHT WAS PASSED BY KING GUSTAVE

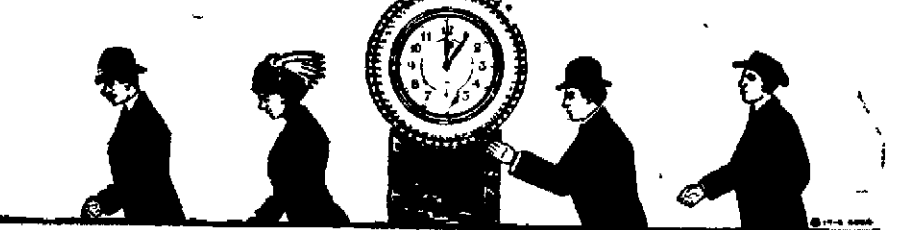

(ASSOCIATED PRESS TELEGRAM) Stockholm, Sweden, April 11.—Further progress toward convalescence was announced in the surgeon's bulletin regarding the condition of King Gustave of Sweden issued today from the Sophia Hospital where his majesty was operated on for ulceration of the stomach on Thursday. The bulletin says: "His majesty passed a quiet night and enjoyed a good sleep. The pain he was suffering has diminished considerably and his condition gives reasons to hope that there will be no setback to his majesty's recovery."

She—"When you proposed you nearly squeezed the breath out of me." He—"I wanted you to realize the importance of being pressed for an answer."

HERE IS YOUR CHANCE TO GET A BUSINESS EDUCATION FREE; \$72.00 BOOKLOVERS' PRIZE

OWN THE TIME-CLOCK!

We have purchased from W. C. Worstell, principal and manager of the Bliss Business College, a Commercial Scholarship including Books, and we give it to you for simply spending a few evenings writing down the names of Books and their Authors in this great Advocate Booklovers' Contest. A few reasons why you young people should try especially for this prize:

- First. It is one of the best equipped schools in the state.
- Second. Its Manager and Principal is recognized as one of Ohio's greatest teachers of Business.
- Third. Because its graduates fill some of the most responsible positions in the country, and because W. C. Worstell, the manager, is known throughout the state by the leading Business concerns, and has the reputation of placing thorough and competent Bookkeepers and Stenographers. Therefore, he will be able to place you when you secure this Scholarship and have finished the course.
- Fourth. Because Stenotype is taught in this school. In fact, they are the only teachers of Stenotype in your part.
- Fifth. Because you are not compelled to take any one system of shorthand, as they teach the following systems: Spencerian, Gregg, Mansion, Graham, and Pitman.
- Sixth. Because they teach actual business from the start, also higher counting, involving organization of corporations, and so on, also the famous Banking Course by Prof. Worstell.
- Seventh. Because more students attend this school. And
- Eighth. Because every graduate is placed in a position by the manager of the school.

IN MEMORY OF JACK PHILLIPS

(Associated Press Telegram.)

New York, April 11.—Word reached here today that the second anniversary of the loss of the Titanic next Wednesday has been fixed for the formal opening of the cloister built at Godalming, England, in memory of Jack Phillips, the heroic wireless operator who went down with the steamer. Phillips was a native of Godalming.

The cloister stands near the parish church and cost \$3,000.

HIGH SCHOOL BOYS IN SHOPS AS STUDENTS

Real industrial training that prepares for real jobs is described in a bulletin on the co-operative plan at Fitchburg, Mass., issued by the High school, who attend alternate weeks in school and shop, are made to feel that their vocational training is serious business. Here are some of the direction given to each "co-op" student when he starts as an apprentice.

"Remember that the object of work is production. Your foreman measures you by the quantity and quality of your work. Social position does not enter. In the shop you are no a high school boy, you are an apprentice. Wear clothes accordingly. If you get the mistaken idea that any work given you is beneath the dignity of a high school boy, just remember you are an apprentice and get 100 per cent busy.

"It is your business to get along smoothly with the workmen and foreman; and theirs to get along with you.

"Do not expect any personal attention from the superintendent. He will probably ignore you entirely, but he knows whether or not you are making good, and in most cases, his idea of you depends upon your ability to please your foreman. Don't be a kicker and don't continually bother your foreman for higher wages.

"Never try to conceal defective work. Take your full measure of blame, and do not make the same mistake twice.

"Watch, in a quiet way, what things are being done around you, and don't be afraid to ask sensible questions. A good rule is to think over a question twice before asking. A reputation for having 'horse sense' means that you are making good.

"Foremen and workmen will take pleasure in showing you, if you show yourself genuinely appreciative of little attentions. If they tell you something you already know, don't spoil their pleasure by telling them you already know it, but let it be impressed on your mind all the deeper; for the conversation may lead to something which is entirely new to you.

"The fool act of one co-op hurts every co-op. See that your actions in and out of the shop do not bring discredit on the co-op course."

Representatives of the United States Bureau of Education and others who have observed the work say that the spirit of these directions is carried out everywhere in the Fitchburg plan. Vocational training of the Fitchburg type is an opportunity for worthwhile work, not an easy way of dodging the grind of academic studies.

LEGISLATURE FOR SAFETY AT SEA IS INTRODUCED

Washington, April 11.—Bills designed to prevent collisions at sea and otherwise promote safety were introduced today by Representative Moore of Pennsylvania and Alexander of Missouri, the latter chairman of the House committee on merchant marine. Mr. Moore would add to the international regulations provisions for an answering signal to the signals blown during fog and storm so as to ascertain positions of the ships. Mr. Alexander proposed to amend the law so as to require masters, mates, or pilots of all classes of vessels to produce a satisfactory certificate of examination as to color blindness before renewal of his license.

CONCLAVE AND STATE RECEPTION OF ODD FELLOWS

Three hundred Odd Fellows from Newark and nearby towns went to Zanesville Friday afternoon where they participated in the big convale and state reception to Grand Master of Ohio H. W. Koons, of Zanesville. More than 2,000 Ohio Odd Fellows were in the parade which started at 7 p. m. District State Deputy Frank Slaught headed the Newark and Licking county delegation.

The Coshocton degree staff exemplified the first degree on a class of twenty-four candidates, and an elaborate banquet followed a program of addresses by state officers, all of whom were present.

Most of the Newark people returned home at midnight.

Y. M. C. A. NOTES

As a result of preliminary efforts on the part of Board members, \$1146 has been subscribed to the current expense fund of \$3600 for this year. It is hoped that the citizens who believe in keeping up a Y. M. C. A., will not delay giving their best support to the work.

Some figures from last year's report: 52,500 total attendance at the building, (estimated) 3,800 total attendance at the 68 meetings held in the building by 24 different organizations. 461 members used the privileges. 3,646, total attendance at the 69 shop meetings. 1,456, total attendance at 27 Boy's Bible classes and Talks. 1,583, total attendance at social events. 14,481 baths taken. 7,838, total attendance at the gymnasium classes.

The lunch counter will close tonight for the summer season. The members and friends of the Association have patronized it well this season, and it has been a valuable adjunct to the work in the building. It will be opened again in the fall. Mrs. Laura Macheile, who has done such excellent service, will spend the summer at Canton, Ohio, with her sister.

Physical Director Roberts is all smiles over the arrival of a daughter, Virginia Louise, at their home. Mrs. Roberts and baby are with Mr. Robert's parents in Piqua, Ohio.

The Heisey shop meeting was attended by 80 or more men and women on Thursday noon. A. B. Cox spoke, and Irene Bonshire and Richard Fatig assisted with the music. Secretary Frank L. Johnson was in charge.

Health Regained by Right Food.

The average healthy man or woman is usually eager to be busy at some useful task or employment. But let dyspepsia or indigestion get hold of one, and all endeavor becomes a burden.

"A year ago, after recovering from an operation," writes a Mich. lady, "my stomach and nerves began to give me much trouble.

At times my appetite was voracious, but when indulged, indigestion followed. Other times I had no appetite whatever. The food I took did not nourish. I grew weaker than ever.

"I lost interest in everything and wanted to be alone. I had always had good nerves, but now the merest trifle would upset me and bring on a violent headache. Walking across the room was an effort and prescribed exercise was out of the question.

"I had seen Grape-Nuts advertised, but did not believe what I read, at the time. At least, when it seemed as if I were literally starving, I began to eat Grape-Nuts.

"I had not been able to work for a year, but now after two months on Grape-Nuts I am eager to be at work again. My stomach gives me no trouble now, my nerves are steady as ever, and interests in life and ambition have come back with the return to health."

What's the Use, Brethren?

Years ago the Pharisees who had charge of the Republican temple were wont to scathe and scold the poor Democrats because they made no prayers and gave no tithes but went quietly about in sackcloth and ashes. Now that the common people, hungry for Democratic doctrine, invite the leaders of that once despised and lowly party into the churches and hear them gladly, the Pharisees are vexed. They fume and fustigate and proclaim that this conduct is sacrilegious. This business of making Democratic speeches to church brotherhoods must be broken up," says a dispatch from headquarters at Columbus. "Why, some of them are actually talking politics on Sunday!" Quite true, quite true. But it is not the sordid politics the Pharisees knew and practiced—the old addition, division and silence of a decade ago. Instead it's the politics of humanity, of social justice and of race betterment. And it is fitting that this new religion should be preached side by side with the ancient faith enunciated with golden lips in the Sermon on the Mount. The brotherhoods should continue in the good work of bringing Heaven to earth. They might even reach out the hand of salvation to the Pharisees, remembering the old hymn: "While the lamp holds out to burn the vilest sinner may return."

Wiping Out the G. O. P. Blacklist

A few months ago the Republicans were attacking a long string of the progressive laws enacted during the present state administration, but as they were put into operation and the people had opportunities to judge the merit of the measures, the number of laws on the G. O. P. blacklist was gradually reduced. Now the Warnes tax law is the only measure being viciously opposed. It has just been placed in operation. It will be taken off the G. O. P. blacklist as was the Smith tax law three years ago. Not long ago the state resounded with criticism of the school legislation, but the standpat Republican press is silent on this subject today. Here is a sample of the opinion of the people who come in close contact with it as expressed in a resolution unanimously adopted by more than 400 school officials and teachers who attended a big convention in Bryan, recently: "We offer our special felicitations to the Governor of Ohio and the legislature for the recent enacted legislation providing for the better organization and supervision of our country schools. In our opinion, they have accomplished at a stroke the greatest possible piece of constructive and progressive legislation in the shortest time."

Hard Work.

It's hard to swat the lyre redhot, and keep the blamed thing twanging, when you've got a cold, with aches all around your brain, hanging, I have the gripe, and bark and yip, until I scare the neighbors. Still I must do, the long day through, my "literary" labors. My lungs are lame and all my frame seems sore and dislocated. I cough and sneeze and bite my knees in anguish unabated. Yet I must raise my loquacious legs, some optimism springing, and urge the tons who have no coughs to keep on dancing, singing. My eyes are red, my aching head, feels like a football seedy, and when I speak my pulleys creek, my voice is hoarse and weedy; I sob, I pant, kerchoo and rant, I whoop and squeak and strangle, my words are punk throughout my trunk, my nerves are all a-jangle I punch the lyre but there's no fire or rapture in my swatting. The winged steed is lame indeed, and stumble when he's trotting. Don't roast too hard the halting bard, or load him down with cursin'; you do not know how much of woe he may have on his person.

Wisdom from Washington

By ARTHUR W. DUNN.

Washington, April 11.—[Special.]—Champ Clark has not lost the speaker-ship in the next congress because he took such a pronounced position against President Wilson on the canal tolls. It is also probable that if Oscar W. Underwood had remained in the house he would have been again chosen chairman of the ways committee and leader of the majority by the Democrats, although he opposed President Wilson. This statement about Champ is on the assumption that the Democrats carry the next house, which will be a disputed point until the returns are all in next November.

Quite a number of people jumped to the conclusion that because Speaker Clark opposed Wilson the president's friends who favored the repeal of the canal tolls proposition would at once form a combination which would unhorse Clark and other men who opposed the repeal. Many Democrats, although they were on the other side, have hastened to assure the speaker that under no circumstances will they be for anybody else and that they will vote for him again.

Speakers Succeed Themselves.

Under the former regime it would have been almost impossible to defeat a speaker as long as his party remained in power. In those days the speaker had the appointment of committees, the absolute power of recognition and was master of the house. In these days the speaker still has a great deal of power, but not anything like that exercised heretofore. So it is quite a tribute to Champ Clark that his Democratic colleagues are flocking to him with assurance of support.

In my recollection two speakers have voluntarily retired without ever reaching a test as to whether their party would supplant them. I refer to Speaker Reed and Speaker Henderson. Toward the close of their terms as speaker both were severely criticised by their party associates, and there was talk of a revolt. Their withdrawal as candidates prevented a test.

Possible Prohibition.

"Some day Hobson will get up there in the house and put through his prohibition amendment," was the comment of one of the members of the house in speaking of the growth of the prohibition movement. He quoted Champ Clark as saying that if that amendment ever came before the house it would go through. Continuing, this member of the house said:

"Of course they will not want to vote on it and they may dodge behind chairs and into cloakrooms and get lost in the office building, but if the

THE OFFIS KID.

Kill Flies Before They Swarm Over The Premises.

THE straight road to safety lies in clearing out all the rubbish and putting it in covered receptacles, to be carted away by the proper authorities. It is of small use to "swat" flies after they have got possession. Prevention is better than cure. To avoid both mosquitoes and flies drain off any stagnant water about the place. Fill up the ground dents where mud can collect in rainy weather. Remove all old pans and pails, boxes and baskets from the back sheds or yard. Do not allow the remnants of meals, peelings or vegetable offal to remain anywhere near the door. It is necessary not only to clean up the cellars, but to see that the refuse turned out is carted away to the dump heap, to be burned or otherwise destroyed at once, and to shift every vestige of such heap that is within calling distance of home.

Let every citizen tackle his share of this cleaning process and reflect that in doing this work he is really consulting as well his own health and that of his family as the comfort of his neighbors. There may be and are aesthetic reasons for desiring a slightly city and streets free from litter, and civic pride catering for a "city beautiful" is a most laudable aim. But in urging this domestic cleanup the authorities simply get down to the logic of hard facts, and for this reason their appeal should receive the co-operation of all the residents interested in the health of the municipality.

Compound Division.

A Berlin chauffeur named Paul Kugelmann found \$6,500 in notes and gold in his taxi cab. No one came forward to claim the money, and the chauffeur, setting aside temptation, reported the matter to the police.

This huge sum remained, according to German law, in the police's keeping for a year, after which the finder could claim the fruits of his good fortune. But when Paul Kugelmann presented his claim he was told that various other claims would have to be settled first. Since the money had been found in Berlin, the Berlin municipality was to receive \$1,500. Because the absent-minded fair hailed the chauffeur in the suburb of Wilmersdorf, the Wilmersdorf municipality claimed another \$1,500. The municipality of Charlottenburg, not to be outdone, demanded a similar sum, as Kugelmann lived within its limits.

And while the disgusted chauffeur was reckoning up the balance his employer came forward and asserted that the whole \$6,500 belonged to him, because the automobile in which it had been found was his property.—London Answers.

New York Theatres and
Moving Picture Plays

BY MYRON C. FAGAN.

New York, April 11.—Theatrical
managers in this city are recognizing
Holy Week and as a result the only
new production in sight for this
week is the revival of "Pinafore" at
the Hippodrome. But, as the storm
frequently follows a calm, so will
Easter Monday usher in an avalanche
of new productions. In fact, the
theatrical map is soon to undergo
almost a complete change.One of the best of all the attrac-
tions on view in this city is Margaret
Anglin's performance of Erynnne in
"Lady Windemere's Fan," Oscar
Wilde's dramatic gem. As we all
know, the role of Mrs. Erynnne is
one that might lead the average
actress into an emotional display
verging on the maudlin. But Miss
Anglin knows her art too well.
Never for a moment, not even when
words are like so many daggers to
wound her, does she play for sym-
pathy. This revival is in very good
hands this year, Miss Anglin being
well supported by Mrs. LeMoine as
the duchess, Miss Margery Maud in
the title role and Pedro DeCordoba
as the young husband.Last week's activities ran exclu-
sively to revivals, the Shubert theater
being given over to Gaby Deslys and
Sam Bernard, who appeared in a re-
vised edition of "The Girl from Kays"
now known as "The Belle of Bond
Street." First honors went to Bern-
ard in his old role of Hoggensheimer.
Gaby makes a beautiful "Belle" and
is proving possession of real historio-
ric powers. Others in this revival
are Harry Pilcer, Lawrence D'Orsay
and Lottie Collins. But it was sput-
tering Sam Bernard and disdainful
Gaby Deslys who carried "the Belle
of Bond Street" into the highway of
success.The production of "The Truth,"
which Winthrop Ames will present
to the New York public during
Easter week, can scarcely be called
a "revival," although the play is
not a new one. "The Truth" has
not been seen in New York. It was
given for two weeks only, and at
special matinees. The play was ex-
tremely popular throughout the
country as well as in Europe.Clyde Fitch's play which Mr.
Ames will present at the Little
Theater, beginning April 14, has
probably been translated into more
languages than any other American
play. It has been given in practi-
cally every country of Europe.The recent convention of exhibi-
tors in Cleveland, condemned the
manufacturers of film who entered
into the exhibiting game, and, while
no definite names were used, it
evidently was intended as a shot for
the Vitaphone Company.The Ohio exhibitors surely reck-
oned with little consideration, if
such was the case, and it now seems
that the many rumors to the effect
that the Vitaphone Company was
embarking in the exhibiting business
on a large scale have been started,
but are all unfounded. This is
shown by an announcement that "A
Million Bids" and "Goodness Graci-
ous" are being released to the public
through the General Film Company.The Vitaphone Theater opened
February 7, with the policy of four
shows a day. The pictures dis-
played were "A Million Bids," a five
reel drama from the play "Agnes,"
by George Cameron (Mrs. Sidney
Dray), and "Goodness Gracious," a
three-reel comedy evolved princi-
pally by J. Stuart Blackton andstaged and elaborated by James
Young.These two feature pictures which
have continued to pack the Vita-
graph Theater regularly every day,
including Sunday, will be taken out
of the Vitaphone Theater tomorrow.
The only reason of their being re-
moved is to make room for others.Announcement is made by the
Shubert interests that a new com-
pany has been formed to be known
as the Shubert Feature Film Book-
ing Company for the purpose of
booking motion picture to be made
from a long list of dramatic and
musical comedy productions con-
trolled by the Shuberts, W. A.
Brady and other managers. The
total number of plays thus made
available for picture production ap-
proximates about two hundred.
Joseph L. Rhinock is president of
the new corporation, Jules Murray,
manager, and Lou Weed the booking
agent.Work on productions for the new
booking agency is now under way at
the Eclair studio at Fort Lee.One of the most absorbing topics
of the day is the Motion Picture
play and how it is made. Many
who read the Advocate are am-
bitious to write moving picture
plays. Most, if not all, of those who
would succeed in this fascinating
vocation are unfamiliar with the
methods employed by the profes-
sional picture play writers. Follow-
ing is what can best be described as
a "Movie" dictionary:Business—The detailed action of
the actors in the scenes.Close Up—Action taken with the
performers about eight feet from
the lens, that being the minimum
distance for successful photography.Commercial—An American photo-
play of the regular service more
than thirty days old.Cut—Ending a scene sharply by
a change to a leader or to another
scene.Cut Back—The change from one
scene to another having to do with
the same action, as from one end of
a telephone line to another. Also
the change to a past scene, such as
a memory that comes to an actor's
mental vision.Director—The equivalent of a
stage manager in a theater.Dissolve—The running of one
scene into another by a gradual
cutting off of one and sharpening
of the other. It is done by run-
ning the film twice through the
camera; the first time gradually
closing the shutter on the first scene
and the second time starting with
a closed shutter and gradually open-
ing it on the new scene. It is most
often used to suggest memories of
the past or visions seen by charac-
ters in the play. The scenes which
appear to their mental vision are
gradually brought on the screen and
are gradually dissolved away as they
emerge from the vision.Double Exposure—Used where the
visions are seen by characters in the
play or for trick photography, a
time in which one actor takes two
parts in the same scene. In this
case again the film is run twice
through the camera. The first time
the section of the picture which is to
show a vision is cut out with a shade-
over that section of the lens, and
the second time only the vision is
permitted to let light through. In
cases where one actor is playing two
parts the two characters are kept in
different parts of the scene, one par-\$82.00 THORNHILL WAGON

Auditorium Tonight.

The six reel feature picture
"Dope" which is playing the Audi-
torium today, was produced to teach
a lesson and to show the great popu-
lance the evil, that has sprung up
in the last thirty years. "Dope"
tells the story of the downfall of a
son and daughter of good family
through the development of the
drug habit, ignorantly and inno-
cently begun. The growth of the
cocaine and morphine habit is
graphically shown in the depiction
of the moral decay following their
enslavement, a great moral lesson
is presented.This wonderful photo-play will be
seen at the Auditorium tonight at 7
o'clock and 8:30 o'clock.

"The Heart of a Woman."

The Auditorium has arranged an
excellent program for tomorrow.
"The Heart of a Woman" is a most
appealing drama with powerful situ-
ations and thrilling climaxes. Then
there is a three reel Domino, which
makes its premier appearance in
Newark. "Mrs. Pinkhurst's Proxy"
is one of Thauhauser's very best.
Last but not least comes one of
those screamingly funny Keystone
comedies entitled "Mabel's Dramatic
Career." It is five reels of the
Mutuals best. The management
took special pains in securing the
very best program available, so he
yourselves to the big "show house"
and enjoy a real treat.

"Alias Jimmy Valentine."

Seats are now selling for Monday
evening when "Alias Jimmy Valen-
tine" the famous detective play that
ran for two solid years in New
York, and scored triumphs in New
York, and Paris as well, will be pre-
sented by the Chas. K. Champlin
company at the Auditorium.Persons wishing to secure good
seats should attend to it at once as
the sale is very large.The list of plays which Mr.
Champlin will present next week are
the very best of New York's biggest
successes. They include "A Gentle-
man of Leisure," "The Master of
the House," "The Price Women
Pay," "Shore Acres," "For a Wom-
an's Honor," "Madame X" and "The
Daughters of Men."A special matinee performance of
"Madame X" will be given on Mon-
day afternoon.

Personal Guarantee.

The management of the Auditorium
personally guarantees the Chas.
K. Champlin Stock company, which
is appearing here next week. It is
first-class in every respect and is
second to none of any stock company
ever appearing here before. The
plays are all high class royalty
plays and the company is a most
capable one. Wherever it has
shown, it has given satisfaction, so
no one need have any doubt of it
being up to the standard of such
organizations. Signed: Warren C.
Otte, Harry G. Rees.

Special Invitation.

The Auditorium sent out several
hundred invitations for Monday af-
ternoon's performance of "Madame
X" to the ladies of Newark. These
invitations are a sort of get ac-
quainted style, that Mr. Champlin
uses through the country. "The best
way to let the public know that you
really have," says he, "is to let them
see for themselves and they will
want to come back." This matinee
is a special matinee for ladies and
by the outlook at present, there will
be a large audience to greet this ex-
cellent organization.

SOME REWARD, SOME.

The readers of this paper will be
pleased to learn that there is at least
one dreaded disease that science has
been able to cure in all its stages,
and that is Catarrh Hall's Catarrh
Cure is the only positive cure now
known to the medical fraternity.
Catarrh being a constitutional disease,
requires a constitutional treatment.
Hall's Catarrh Cure is taken inter-
nally, acting directly upon the blood and
mucous surfaces of the system, thus
destroying the foundation of the
disease and giving the patient
strength by building up the constitu-
tion and assisting nature in doing its
work. The proprietors have so much
faith in the curative powers of this
cure that they offer one hundred dollars
for any case that fails to cure. Send for

One important difference between Devco-Lead and Zinc Paint and ordinary hand mixed or ready mixed paints is a difference you will first notice in your pocket-book.

Where a given job will require, say, 15 gallons of ordinary paint, the work can often be well done with 10 gallons of Devco; that's about the proportion usually.

The best of it is lower gallons make a better job of it. Lists longer, costs less and last. What ever painting you may have in Devco; be sure, too you want our book about painting.

BEAUTIFUL WOMEN

Pilar Morin

Rely Upon

Newbro's Herpicide

Pilar Morin, the strikingly beautiful Parisian actress, of whom America's lead-theatrical managers says: "I consider her the greatest actress in her line in all the world," writes as follows:

"Newbro's Herpicide is the most delightful hair dressing that has ever come to my notice. It prevents the hair from falling out, does away with dandruff, and gives the hair a beautiful luster.

Cordially yours,
(Signed) PILAR MORIN."

The fact that leading Parisian women prefer Newbro's Herpicide is certainly conclusive evidence of its superiority.

The only rational remedy for this purpose is Newbro's Herpicide, the original germ-remedy for dandruff. In addition to this, it is the most exquisite hair dressing in the world, for no other substance tends to beautify the hair as does Herpicide.

A TRUE BEAUTY TEST FOR WOMEN.

Just begin the intelligent use of Herpicide in secret and see how quickly your friends will notice the improvement in your hair.

Beautiful, glossy hair, full of snap and life, is just as essential to a beautiful face as is the frame around a beautiful picture.

Nature does not permit every woman to have a great or unusual abundance of hair, but every woman who has reasonably good health may have beautiful hair if she will use it some care and attention.

First of all she must constantly strive to keep it free from the invisible, vegetable growth (the dandruff contagion) that causes dull, brittle and lusterless hair with, later, dandruff, itching scalp and falling hair.

Herpicide contains no grease. It will not dye or darken the hair. Stops itching of the scalp.

Send 10 cents in stamps to THE HERPICIDE COMPANY, Dept. 105B, Detroit, Michigan, for sample and booklet. Two size—50 cents and \$1.00. Sold and guaranteed at all Toilet Goods Counters. When you call for HERPICIDE, do not accept a substitute. Applications at prominent Barber Shops.

Awaken To New Life And New Work

The spring time suggests the seed time, the preparation time, the active time; the need of hard work if results are to be obtained.

Under suggests the idea of newness of life, of putting aside the old, and taking on the new, in the hope of something better and brighter than we have had in the past.

The spring time means awakened hopes, new ambitions, quickened thoughts and purposes, and for the general good; for our own and for the betterment.

To reap in the harvest season it is necessary to sow some seed some time.

One expects to reap where he has not sown, to gather where he has not sown, but each one that out of the earnest efforts of faithful comes the reward of labor.

Active personal work insures satisfactory results. Individual efforts will be rewarded by adequate results.

It is the season when thought for the harvest must be sown in the minds of the human, to insure results for the labors of the future. What will your harvest be?

Who are the workers who are to cultivate the fields, and what of their efforts in the cause of human betterment? Will they be adequate for the present tremendous needs?

Every Newark church organization needs more people working for the betterment of the community.

Every Newark pastor needs more helpers holding up his hands and willing and ready to do team work.

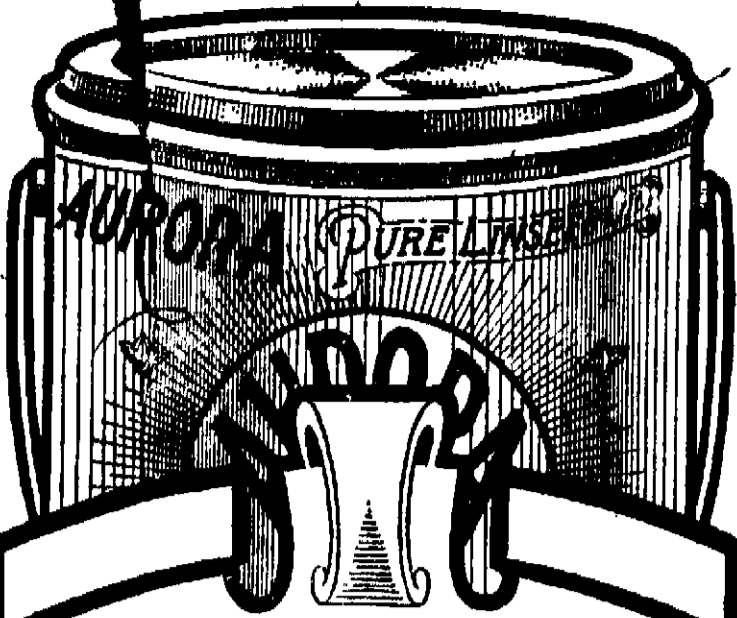

The saddest incident in the whole history of humankind is the scene in the Garden of Gethsemane, where the disciples failed to watch during those last hours. "What could ye not not watch with me one hour?"

Can we not do our portion in the way of strengthening the church, when so much has been done by Him for the good of all?

Every life is, to some extent, bound up in the life of the Christian church; every community is dependent on the church spirit to insure its best efforts, its highest standing.

The Garden of Gethsemane should be an example to all believers, if the Cross is our hope, and the resurrection of Christ is the sublime thought which attracts, impels and benefits.

Teaching Them to Observe All Things Whatsoever I Have Commanded You; and, Lo, I Am with You Always, Even Unto the End of the World."

COLLEGE BALL PLAYERS WILL BE IN DEMAND

(Associated Press Telegram)
New York, April 11.—During the next three months the college baseball player will hold a prominent position in the spring sporting program. His record will be followed closely by university alumni and with even closer scrutiny by the professional scout, for major league club managers are fully aware that occasionally a star may be plucked from the 'varsity diamond. Players of the caliber of Edd Collins and Christy Mathewson are found but infrequently. There always exists, however, the possibility of securing players who, if not capable of major league speed at the outset of their professional careers can quickly be coached and trained to the point where they are a decided acquisition to a big circuit club.

Under professional coaching the standard of play in college baseball has risen rapidly during the past few years. Veteran big leaguers have aided the natural player by advice and instruction. Little hints on how to bat; take the ball for a quick throw and other points of technique in the game quickly bring players with natural qualifications within the range of major league possibilities. All those connected with the professional game today realize that the college baseball team offers one of the best recruiting grounds at the disposal of the big league magnates. Billy Evans, the American league umpire, a college graduate and close observer of every angle of baseball, said recently in discussing this phase of the game:

"The college ball player has become a big factor in the major leagues. Ten years ago a collegian was a rarity in a big league line-up. A few years ago major league scouts, in search of promising material, gave the college games very little consideration. At a big game last summer between two strong college teams, exactly twelve major league scouts were in attendance. Quite a testimonial to the value placed on the college player, by the men whose duty it is to pick up future big league stars."

"Conlie Mack, the pioneer in the exploiting of the college player. The resourceful leader of the World's Champion's saw the worth of the college player, long before any other major league manager looked on the 'varsity athlete seriously. I once asked Mack why he was always so anxious to look over the promising college players. His reply was brief, but characteristic of the famous leader of the Athletics: 'I like players who can think. Four years of study ought to improve a fellow's intelligence. If it hasn't, it doesn't take me very long to discover the fact. Another reason why I favor the collegian, is because he comes to me free from any other style of play. It is much easier to get players accustomed to your way of thinking, who have never been drilled in any other system. Another point in favor of the collegian is that he knows pretty well the best rules for keeping in condition. I have no use for players who fail to keep in shape. He also has been taught the real value of discipline by his professor in the class room and his coach on the ball field.'"

The new athletic fraternity—Sigma Delta Psi—membership in which is to be won by ability to attain satisfactory marks in a list of specified athletic events, is making rapid growth in popularity and membership in Eastern college circles. Started in the Middle West about a year ago, the plan and objects of the fraternity have gained adherents in all parts of the country. The tests are designed to strike a balance between the events most common to American university athletics. The list was framed by the athletic directors at leading American universities, the idea spreading from Indiana university, but receiving prompt response and considerable development in the East. One of the rules of membership is that a college letter won in any sport shall count for the test in that sport. That is, membership on the college football team will abolish the need of competition in the football test. The requirements for membership in the full or regular grade are as follows:

GRANVILLE MAN DIST. SUPERINTENDENT CARBONDALE, ILL.

The Carbondale, Ill., Herald of April 9th published the following notice regarding Rev. David Dempster former pastor of the Presbyterian church at Granville, Ohio.

Rev. David Dempster, who has been Pastor-at-Large of Cairo Presbyterian for nearly two years, has been elected by the State Synodical Committee of the Presbyterian church as District Superintendent of church extension work. This is a much larger territory and wider opportunity in every way. He will labor especially in the Presbyteries of Cairo, Ewing and Mattoon. His headquarters will be at Mt. Vernon, Ill. Mr. Dempster was planning a European tour for this summer, but the importance of the new work will demand close attention for some time. He traveled nearly twelve thousand miles in connection with his work as Pastor-at-Large. Many churches were supplied with pastors and new members added. The finances and benevolences of the churches greatly increased. New church and manse work developed.

Strengthened Weak and Tired Women. "I was under a great strain during a relative through three months' sickness," writes Mrs. J. C. Van Deusen, of Jackson, Ill., and "Electric Bitters kept me from breaking down. I will never be without it." "No appetite and food won't digest? It isn't the spring weather. You need a good Bitter. Start a month's treatment today, nothing better for stomach, liver and kidneys. The great spring tonic. Relief or money back. 50c and \$1.00. Recommended by Frank D. Hall.

Which differs from that of any other concern in America. There are no set rules, but you simply make your own terms. Tell us how much you can pay each week or month, we'll fix it to suit you, and then it costs you not one penny more than if you paid it all cash down. **WE DON'T HAVE TWO PRICES HERE**, but the **SAME LOW PRICE** to all, cash or payments. Isn't this worth investigating? You are sure to be needing new things now that house cleaning time is here, and there isn't a reason under the sun why you shouldn't have them now. Every obstacle has been removed. It's all here, ready, waiting. We are waiting to serve you? Won't you come?

Comfort, Convenience, Luxury
Ease

If one always got only those things we NEED, there is much we would be without, for we don't really need many things we have and enjoy, but how satisfying it is to have them. This picture only goes to show how very comfy and luxurious a little corner can be made by tasty selections of furnishings, none of which are expensive. Neat table, a few upholstered odd parlor pieces, feathery draperies, and some leather pillows. Our store is just full of odd little pieces, and everything else necessary to give that room those finishing touches. Let us show you how simple, easy and inexpensive it all is.

WE HAVE PREVIOUSLY MENTIONED MATCHED DINING ROOM SUITES

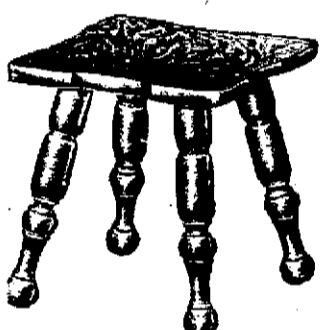

But they will stand frequent reference. We are very proud of our selection of dining room pieces, and you will be surprised how really inexpensive it is to fix up a nice dining room. We invite your inspection. We have a complete suite, with **PEDESTAL TABLE, BUFFET and 6 LEATHER UPHOLSTERED CHAIRS** for as low as

Machine is absolutely guaranteed in every particular. \$1.00 DOWN, 50c A WEEK. No Discount for Cash.

Rugs, Carpets and Linoleum

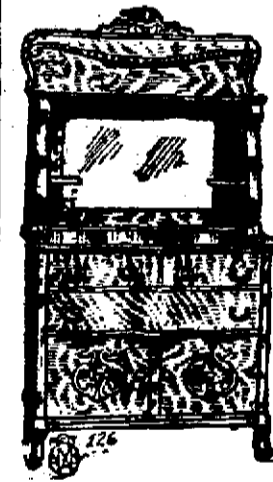

There is scarcely a home in Newark or Licking county that will not purchase some new floor covering this Spring. As a decorative feature, there is no other single thing that can be put in a room or home which makes such a wonderful improvement in every way as does a pretty rug. We are the largest distributors of rugs in the state. With our chain of stores we buy in tremendous quantities direct from the mills. There are no middlemen's profits for you to pay. We can save you money, and you'll say so, too. If you visit this department. The variety of patterns and designs is bewilderingly large. Come look them over.

Commission Is "Snowed Under" By Applicants
(Associated Press Telegram)

Columbus, April 11.—"Snowed under" is the word which went out from the offices of the state industrial commission today in an effort to stop the application of scores of persons for the position of member to the state board of film censors.

Fifty new applications came in today, making a total of about 125 received during the last few days. Most applicants are "moral reformers," it was said. A number expressed their views at length on the subject of precisely what kinds of moving pictures are proper and what are immoral.

The appointment may not be made for several weeks yet. The position pays \$1500.

Interclass and Interfraternity Baseball Leagues at Denison
(Special to the Advocate)

Granville, April 11.—In an attempt to secure the participation of every student at Denison in athletics of some kind, Coach Livingston has provided a means of solving the problem. This spring Denison will have inter-class and inter-fraternity baseball leagues for the first time. More than this, an effort will be made to introduce soccer football as a new diversion for those not interested in other branches of college sports.

Although Denison has had interclass and inter-fraternity basketball teams for a number of years it is a distinct innovation to have class and fraternity baseball leagues. To carry out the plan it will be necessary for a large number of athletes to take part. A schedule of ten games will be arranged for each league. The games will generally be staged after varsity baseball practice in the afternoon, but some will be played occasionally on Saturday morning.

As an incentive to arouse interest two beautiful loving cups will be awarded to the teams having the highest percentage at the finish of the schedule.

All men will be eligible for membership of the teams except the varsity players. Many clubs will be placed at a disadvantage as the result of this ruling, as some might have as many as four varsity men on their rosters if the rule was disregarded. On other hand many novices will be able to join in the fun who would have been forced to watch the games but for the rule.

Coach Livingston selected two rival teams composed of baseball men last Thursday afternoon, and gave

Instructions in soccer football for a short period. After the fundamentals had been mastered a game was started which was participated in with considerable spirit. Many men learned the little tricks of the game rapidly, and no doubt Denison could turn out an excellent soccer team in a short time, but it would take most of the baseball players away from the diamond sport as there are few other men having a good knowledge of the game. It is hoped by next year that Denison will turn out a soccer squad which will play games with Ohio colleges.

Following the spring vacation which closed last Thursday, the baseball candidates got down to some good hard work to put them in condition for the game with Ohio University at Athens on April 15th. The pitchers are incapable of going nine innings at present and they will have some hard preparatory work ahead of them for the next week.

New uniforms will be handed out next Tuesday and it will be interesting to see who is favored with a suit. The color of the new suit is grey, with a narrow stripe of dark blue.

Some people couldn't keep a secret, even by putting it on ice.

The society woman who wears a decolette gown should beware of the backbiter.

CABBAGE HEAD STOLEN; ARREST MAY BE RESULT

Complaint was made to Mayor Bigbee Saturday morning that a regular "customer" at the People's Market was caught in the act of stealing a head of cabbage on the market and that she had been compelled to give up the vegetable by the marketman. It is claimed that the vendors on market have been annoyed greatly recently by petty thieving and that the loss sustained by the vendors was no small amount when the grand total was struck. In all probability an affidavit will be filed against the woman and the charge pressed. It is said that this is not the first time she has offended in this manner.

MOTHER ARRESTED FOR KIDNAPPING HER DAUGHTER

(Associated Press Telegram) Chicago, April 11.—Mrs. Ida Whitehead, wife of a Cincinnati jeweler, is being held by the Chicago police on a charge of kidnapping her eight-year-old daughter from Mr. and Mrs. Henry Bell of 837 East McMullen street, Cincinnati, who are said to have locally adopted the child when Mrs. Whitehead's first husband, William Leslie died eight years ago.

According to a story told by the police, Mrs. Whitehead had been employed on a farm near Lockport, Ill., for nine days rather than risk losing her child by writing to her husband for funds and thereby giving a clue to the Bells as to the whereabouts of their adopted daughter. The mother was arrested at Lockport, last night, and probably will be returned to Cincinnati.

The mother is said to have permitted her child to be adopted by the Bells when she was left a widow. After the mother's marriage to Whitehead the Bells are said to have refused to part with the child.

PUBLIC LIBRARY STORY HOUR FOR SMALL CHILDREN

A very interesting feature of the work now being done at the Public Library, under the general direction of Mrs. Eliza Rankin the librarian, is that now in direct charge of two Newark school teachers, Miss Gladys Beecher and Miss Thora McDonagh. It is the "story hour," between 10 and 11 o'clock each Saturday morning, at which time children from the grade schools ranging in age from 6 to 10 years, gather at the library and hear one of the young women mentioned tell some story or stories that are calculated to impress their interest and memory. For the most part they are stories kindred to fairy tales, some historical or romantic legend. Miss Beecher occupies the hour one Saturday and Miss McDonagh the next. This is the third Saturday and they will thus alternate until the close of the school year in June.

The idea is put in practice in most of the big city libraries but gained an impetus in Newark from the visit here, about six weeks ago, of Mrs. Thorne Thomson, of the Chicago University extension staff, who outlined the plan as it is operated in other cities, and was adopted by Mrs. Rankin. Superintendent Wilson Hawkins immediately cooperated and volunteered to finance the experiment, paying the expenses from his own resources. This includes the salary of the two young women mentioned, and any other expense incidental.

Thus far the plan is considered a great success and splendid results are anticipated in interesting the minds of children, directing their taste for the proper kinds of books and laying a foundation for the appreciation of the best literature.

The attendance has averaged about 25, and it is hoped this will increase somewhat, and it is probable that the class may be divided, one being conducted for older children if the attendance justifies.

DISTURBANCE IN COURT CREATED BY SUFFRAGETTE

(Associated Press Telegram) London, April 11.—May Stewart, the militant suffragette, who with a cleaver tried to demolish a case of valuable porcelains in the British Museum on April 9, created such a disturbance when charged today that the police magistrate was compelled to adjourn the trial.

When the public prosecutor opened the case against her Miss Stewart shouted: "I have not come here to listen to you today."

The magistrate remonstrated with the prisoner but she declared she would not desert so long as Mrs. Emmeline Pankhurst was being "tormented under the Cat and Mouse Act, the devilish work of Reginald McKenna the home secretary."

Then Miss Stewart threw a ball of paper at the magistrate when upon he and the public prosecutor gave up in despair and ordered the hearing postponed.

A few hours after her first appearance "Miss Stewart" re-entered the prisoners' enclosure with two policemen holding her arms. Several other policemen were held in reserve in the court.

The prisoner created another uproar, scene, but the magistrate was able to take the necessary formal evidence and then committed her for trial, without bail.

PRESIDENT ON THE GOLF LINKS

(Associated Press Telegram) White Sulphur Springs, W. Va., April 11.—Bright sunshine and an invigorating temperature greeted President Wilson when he went golfing early today. He arose before any of the other guests at the hotel where he is stopping and with Dr. Cary T. Grayson, his aide, had the links to himself. Secretary McAdoo joined the presidential party today. His fiancée, Miss Eleanor Wilson, is here.

SUNDAY IS GLAD FEAST OF EASTER

Easter is probably the most gladtime festival in the calendar of the church celebration as it does a really more important event in the life of Christ than Christmas. His birth did more than any other one historical happening to change the course of human life. His teachings and career were unique and of surpassing paterfamilias to the human race, but in the resurrection is the fruition of all Messianic prophecy and philosophy. Around it centers the only hope that Christians exercises, not offered by some other religious or philosophical system.

Newark churches, Catholic and Protestant, have arranged special services for the day in some elaborate programs having been prepared. Special music will be a feature in all, the choirs having spent much effort in preparing for the Easter service.

Flowers are also inseparable with the observance of Easter.

The Newark dealers have had large supplies, which have been adequate although the demand has been exceedingly large. Lilies, yellow jonquils, hyacinths seem to be the predominant blooms with the flower buyers. Thousands of them have been taken to the cemeteries and other thousands will go Sunday as marks of respect for the dead and as indicative of the love of the living.

Hundreds of dozens of eggs have been sold for coloring, and for the Easter table in every way known to the cuisine. The prevailing price during the week has been 20 cents and the supply of good fresh eggs has been entirely adequate to the increased demand.

In another part of this paper will be found the church programs, and it is not difficult to select a place to worship.

DANGEROUS TO HAVE ANY NETS AROUND LOOSE

Deputy State Fish and Game Wardens Are Lurking at Lake—Newark Man Fined.

If you own a fish net, get rid of it. Don't go carrying it very far before you get rid of it either, or you may have to pay any sum from \$25 to \$200. If you've a fish net in your possession, hide it well while you take it the shortest trip you can to a place where you may set fire to it and make it burn until destroyed.

If you have any doubt about the practicability of this advice, ask Clarence Patterson, who lives at 232 Indiana street, or any one of the score of deputy state fish and game wardens now lurking in the neighborhood of Buckeye Lake. Patterson paid \$25 and costs in Magistrate Scott's court late Friday just for the privilege of calling a net his own, and he lost the net at that.

Early Friday Patterson was waiting patiently for a bite on the banks of Buckeye Lake, when two strangers sauntered along and asked how "fishin'" was. Patterson said it was poor. The strangers said if a fellow had a good net he might make a catch. Patterson said he had a good net at home. The strangers said they might stay around the lake for a few days and if Patterson would be so kind as to bring his net out they'd all try their luck together.

Patterson seemed to approve. The strangers said they were not sure they would be at the lake, but if Patterson would give his name and address they would send him a card telling whether they would be there. Patterson agreed.

A short time later Deputy State Fish and Game Warden Frank Milinski appeared in Magistrate Scott's court, had a search warrant issued, went to Patterson's house and got the net after which he filed an affidavit against its owner. The court has no authority to suspend sentence in such cases, and when Patterson pleaded guilty to having the net in his possession he was assessed a fine of \$25 and costs of the prosecution.

Which goes to show that the two strangers made a "catch" on the strength of the net.

JAP STARTS ON BICYCLE TRIP AROUND WORLD

(Associated Press Telegram) Tokio, April 11.—Youthful chauvinistic sportsmen are eagerly following the movements of a young Japanese named Okubo, who has just started on a bicycle trip around the world. Strapped to his wheel, Okubo carries a precious bag of sand which he shovelled from the grounds of the palace of his Emperor. His intention is to sprinkle a little sand whenever he reaches a Japanese colony or comes to a place where a number of Japanese live. "My idea," he explained before starting, "is to remind Japanese of their native country—of the glorious Mikado Empire."

Japanese doctors are discussing the unusual if not unprecedented case of a child meeting death from the beak of a rooster. A four-year-old girl was walking to a playground near her father's house in Tokio when she was attacked by a rooster who pecked at her viciously. The girl ran, stumbled and fell, hitting a stone. Before the onlookers could interfere the rooster had again pecked the child in the forehead. The child was picked up dead.

A lively competition has been going on between Japanese steamship companies which hope to get a government subsidy for a steamship line through the Panama Canal to the eastern coast of the United States, with terminus at Boston. At the present it looks as if the Nippon Yusen Kaisha would be elected and that the company will be accorded a subsidy of \$1,600,000. The other competitors were the Toyo Kisen Kaisha and the Osaka Shosen Kaisha. The Toyo Kisen will continue its service to San Francisco but it is probable that the Nippon Yusen will discontinue its service to Seattle and turn it over to the Osaka company which is building extra steamers to be used on the northern route which it will henceforth monopolize.

TWO GET SENTENCE TO THE WORKHOUSE SATURDAY MORNING

With four cases up for consideration Saturday morning, Mayor Bigbee passed two workhouse sentences. "Billy" Murphy and Harry Woodard being the victims. Both were sent back to await the preparation of commitment papers and will probably be taken to Columbus Monday. Each drew fines of \$25 and costs. Two other drunks were fined \$5 and costs each, sentenced to the county jail and suspended during good behavior.

No, maud dear: it isn't always the wings that makes a house angelic.
